

SOLO

1 port power and alarm solution

Patent pending 1/2009

The SOLO is a powerhouse in a **stylish, compact**, design. The **versatility** and **quick set-up** of this **self-contained** alarm will help you **power** and display any cell phone, MP3, IPOD, or GPS **anywhere** with ease. The SOLO includes the same **easy arming function** as our IK40. Most importantly, with **4 layers of security**, including one method that no thief can see, the SOLO is a great solution for loss prevention with **maximized consumer interaction experience**.
