

DUMMY DOME

make thieves think twice

THEFT DETERRENT SOLUTION

The Dummy Dome is a ten-foot mock surveillance camera with an optional LED that gives the same appearance as a real security camera.

This cost effective solution allows retailers to give the impression of a stronger security presence dissuading would-be thieves. The Dummy Dome comes with an adjustable hanging anchor for ceiling mounting. A five-foot extension pole is also available but sold separately.

- Visually identical to a real camera!
- Cost effective theft deterrent for the retail environment.
- Adjustable hanging anchor for a variety of ceilings. types.
- Optional built-in LED light, to give a “live” appearance.
- Optional five foot extender available.
